ALWAYS YOUR LOCAL STEEL STOCKHOLDER

BARRETT
STEEL LIMITED

Barrett Steel are Proud to Sponsor Bottesford Town FC

At Barrett Steel, we are always your local steel stockholder with three sites in Scunthorpe (Barrett Central Processing, BCD Tubes and Kass Steel).

We are the UK's largest steel stockholder and are passionate about the communities we work within. Your local depot Kass Steel has a public and trade counter that is open Monday to Friday for all your steel requirements.

We stock a full range of general steel stock including RSJs, Structural Steels, Hollows and Plates alongside Engineering Bar in a range of grades.

Our depot can advise on a wide range of Walkway solutions as well as Stainless and Glass Balustrade Systems available in group.

Chairman's Notes

Good afternoon and welcome to The Barrett Steel Stadium for today's NCEL Premier Division fixture against Tadcaster Albion. A warm welcome also to our visitors, their officials, and supporters who have made the trip.

It's been a tough week for us with two defeats on the bounce. Results like that are never easy to take, but I have every confidence in this group of players and in the work that Leigh, John, and Daniel are doing with them. We've already shown what we're capable of this season, and I've no doubt we'll bounce back – hopefully that starts here today. We know today won't be easy. Tadcaster come into the game top of the league, which tells you everything about the form they've been in. But these are the sorts of games where character shines through, and I know Leigh and his staff will have the lads ready to rise to the challenge and put things right on the pitch.

I'd also like to place on record my thanks to all of our sponsors for their continued backing – in particular our ground sponsor Barrett Steel, as well as TVES, Abey Air Conditioning, YESS Electrical, and BDL Ltd for their ongoing support. Today's match sponsors are SQRS Ltd, who we are delighted to welcome into the Sponsors Lounge this afternoon, and we also thank Northstar Lipids for kindly sponsoring today's match ball. Your support makes a huge difference to our club both on and off the pitch.

Let's get behind the team today and hopefully enjoy a strong performance and three points.

Up The Botty,
Howard Pirie

Commercial Update

Good afternoon, and welcome to our visitors Tadcaster Albion, who are flying high at the top of the league.

We would like to thank our match sponsors, SQRS Ltd, and hope they enjoy our new hospitality experience. Thanks also to our match ball sponsors, Northstar Lipids, for their support today.

We are looking to bounce back after two disappointing results, and I'm sure the lads will give everything out on the pitch.

Our new hospitality suite still has a few games available, and we also have a couple of match ball sponsorship slots remaining. Please contact us for further details if you'd like to get involved.

Enjoy the game.

Regards,
Jason

A portrait of a young man with dark brown hair and bangs, looking directly at the camera. He is wearing a blue football jersey with yellow trim around the collar and sleeves. The jersey features several logos, including a central crest with a castle and the word 'TOWN' above it, and a 'BARRETT' logo at the bottom. There are also smaller logos on the sleeves, one of which says 'SIGHT'.

Club History

The Club was formed in 1974 and played their football in the Lincolnshire League. The original base was at the Dolphin pub, with the football being played at Fred Gough School. The Club moved to its current Birch Park home in 1983.

The senior side experienced a successful period during the early 90's winning a number of Cup competitions and the Lincolnshire League in

three successive seasons, In 2000 the 1st team entered the Central Midlands League gaining promotion in 2005 to Division 1 in the Northern Counties East Football League. In 2016 they won the 'play-off' final to gain promotion to the Premier League where they have played for the last 5 seasons. The Club has for many years supported the local Scunthorpe and District adult Football Leagues, The year 2000 saw the amalgamation of the Junior and Senior Clubs clearly demonstrating that players starting with the Club at the age of 6 could be encouraged to stay with the Club for their progress in football.

The Club today has 25 teams both boys and girls playing mini-soccer in the local Saturday Kalson League, 11 a-side teams in the Sunday Kalson League, Youth football being played in the Junior Premier League, & the Lincolnshire Intermediate League, and a Development Squad playing in the Central Midlands Football League. A newly formed Veterans team who will play in the Humber Veterans League In 2018 a new addition to the Club was the introduction of the DSActive team for individuals who are Downs Syndrome, the team has grown from strength to strength and they now perform in the Ability Counts League.

Exciting times lay ahead with our next development focusing on a number of improvements for the Bottesford Sports Hall

The Club's proudest achievement was in 2003 when they became a FA Charter Standard Community Club, being one of the first Clubs in the Country at that time to get the achievement. The Club had to work very hard to meet all of the FA criteria and is now reaping the benefits and rewards. In 2009, the Club achieved the distinction of being awarded by the Lincolnshire Football Association as the FA Charter Standard Club of the year, a reward for the efforts of the members of the Club. This massive involvement in 'grass roots football' and its development has seen the provision of enhanced facilities to support the same, with the introduction of a magnificent Changing Room & Meeting Room facility in 2009 for the use of all those who play their sport at Birch Park. Developments continued in 2019 with the aid of grant support from both the North Lincolnshire and Bottesford Town Councils together with the Football Foundation, with the addition of a new tractor and grass cutting maintenance equipment plus the replacement of the floodlights for the main pitch with a modern LED installation which was designed for the future provision of a new Stadia Facility incorporating a 3G playing surface.

2020 also saw through the efforts of number of volunteers & sponsors, a new Catering Facility to serve the needs of everybody who visits Birch Park.

Proudly, the Club today is able to announce that after many years of preparation and with the financial support from predominantly the Football Foundation, the North Lincolnshire Council and the S.S.E. Sustainable Community Fund, together with other supporting groups, the new £1.5m Barrett Steel Stadium facility was officially opened in July 2023.
